

As a preliminary matter, it is noted that the reply brief of 18 March 2008 was not available to the examiner in the USPTO's electronic file wrapper system until after the mailing of the advisory action mailed 29 January 2008. Therefore, the advisory action of 29 January 2008 was referring to the amendment filed after the appeal brief (received 15 October 2007) **only**. Specifically, item 3 of the advisory action indicates that the "reply is entered." The "reply" being referred to is the amendment of 15 October 2007, and **not** the reply brief of 18 March 2008.

The reply brief filed on 18 March 2008 has not been considered because it is not in compliance with 37 CFR 41.41(a). The reply brief is not entered because it included two new, non-admitted affidavits, namely, the 3<sup>rd</sup> supplemental declaration of Richard Heuser submitted in copending application 10/179,589 and the 2<sup>nd</sup> supplemental declaration of Andrew E. Lorincz submitted in copending 10/179,589. See especially 37 C.F.R. § 41.41(a) and (b) which states:

*\*\*>37 CFR 41.41. Reply brief.*

(a)

(1) Appellant may file a reply brief to an examiner 's answer within two months from the date of the examiner 's answer.

(2) A reply brief shall not include any new or non-admitted amendment, or any new or non-admitted affidavit or other evidence. See § 1.116 of this title for amendments, affidavits or other evidence filed after final action but before or on the same date of filing an appeal and § 41.33 for amendments, affidavits or other evidence filed after the date of filing the appeal.

(b) A reply brief that is not in compliance with paragraph (a) of this section will not be considered. Appellant will be notified if a reply brief is not in compliance with paragraph (a) of this section.
